

Oregon Holistic Nurses Association

State Chapter of the
American Holistic Nurses Association

Dear Colleagues in Nursing,

The [Oregon Holistic Nurses Association \(OHNA\)](#) now has 12 founding members. The web site is up and you can see who the brave souls are that helped this organization get off the ground. Membership fees have nearly paid for the web site, and soon we can set about improving it. If you are thinking about joining, make sure you get in on the next round of creativity. Our goal for 2008 is 200 integrative minded people in a statewide network.

Currently, we are in the process of gathering corporate and private practitioner sponsors for the [Supporter Links](#) page of the web site. If you know anyone whose business or practice would benefit from the exposure on our site, send him/her this Newsletter. Information on how to get an electronic logo link on our site is on the Supporter's page. All holistic clinics and professionals are encouraged to advertise on our fast forming organization.

Members joining OHNA will receive an invitation to a join a **Yahoo** discussion forum. On that forum, our board of directors known as the [Leadership Council \(LC\)](#) will conduct business with the entire Oregon membership. The LC has four open positions: President, Vice President, and a Secretary. We are seeking a Treasurer who lives in or near Jefferson, Oregon. Interested parties should e-mail, a statement of your qualifications, a short resume and a paragraph of why you want to be on the LC.

Together, we have the unique opportunity to lead the State of Oregon in the new specialty area of Holistic Nursing.

If you have questions, please e-mail. Send your application to the address below and join our holistic community.

Blessings to you All,

Toni Gilbert, RN, MA, HNC

Director, OHNA
